La Péniche VINTage is a project that was carried out during the Pandemic in May 2020. With the complete shutdown of our Boats, the management decided following a dream..., to carry out this project on one of our Boats. Opening Day was July 10th, 2020, on our small Boat and a few months later transferred to our MuselSchëff. For our tastings of local Products and the Greater Region (Luxembourg, France Lorraine, Germany Rhénanie Palatinat and Saarland as well as our neighbors in Belgium with the Province of Luxembourg) we offer more than 250 products of the card but also specific Tasting Formulas, Wines, Beers, Cheeses, ... and much more. The idea went even further, the Customer can even buy the Furniture and more...

Story to follow. The Management
